EQUAL PLAY - Building bridges through sport for migrants, refugees and local communities

EQUAL PLAY

The EQUAL PLAY Project Has Officially Launched

We are proud to present EQUAL PLAY, an Erasmus+ Sport initiative designed to strengthen inclusion and mutual understanding by using sport as a practical tool to connect migrants, refugees, and local communities across Europe.

The project focuses on:

- strengthening the capacities of coaches and sport practitioners,
- supporting sport organisations and community-based initiatives,
- promoting inclusive, accessible, and diversity-oriented sport practices.

Co-funded by the European Union

EQUAL PLAY

Kick-Off Meeting

DUBLIN, January 29th -30th

The first transnational meeting of the Equal Play project took place in Dublin, hosted by the Padel Federation of Ireland.

Over two productive days, partners:

- Aligned on project vision and objectives
- Defined roles and responsibilities across all Work Packages
- Established project management and quality assurance processes
- Planned communication and dissemination strategy

Key Outcomes:

The meeting marked the beginning of strong cooperation and set the foundation for:

- Effective project coordination
- Clear implementation roadmap
- Shared understanding of impact goals

Partners also initiated the development of project tools and agreed on upcoming activities and milestones.

Co-funded by the European Union

EQUAL PLAY

What Will Equal Play Deliver?

Throughout the project, partners will develop:

- practical tools to support inclusion and social interaction in sport settings,
- a comprehensive training programme for coaches and sport facilitators,
- a hands-on toolbox with methods, activities, and real-life scenarios,
- guidelines for sport organisations to foster inclusive environments,
- accessible resources to support community-based sport initiatives across Europe.

All outputs will be developed with a strong focus on practical applicability, scalability, and sustainability, ensuring their relevance for diverse contexts and long-term use beyond the project lifetime.

The project contributes to strengthening social cohesion, active participation, and equal access to sport across Europe.
